

The logo for YUTOECO, with 'YUTO' in orange and 'ECO' in green, is positioned at the top left of the page. The background of the entire page is a photograph of an airplane window looking out at a blue sky with light clouds. In the foreground, a white tray holds several items: a cup of dark coffee, a bowl of fresh green salad, a bowl of strawberries and blueberries, a bowl of spaghetti topped with a meat sauce, and a slice of white cake with a strawberry on top.

YUTOECO

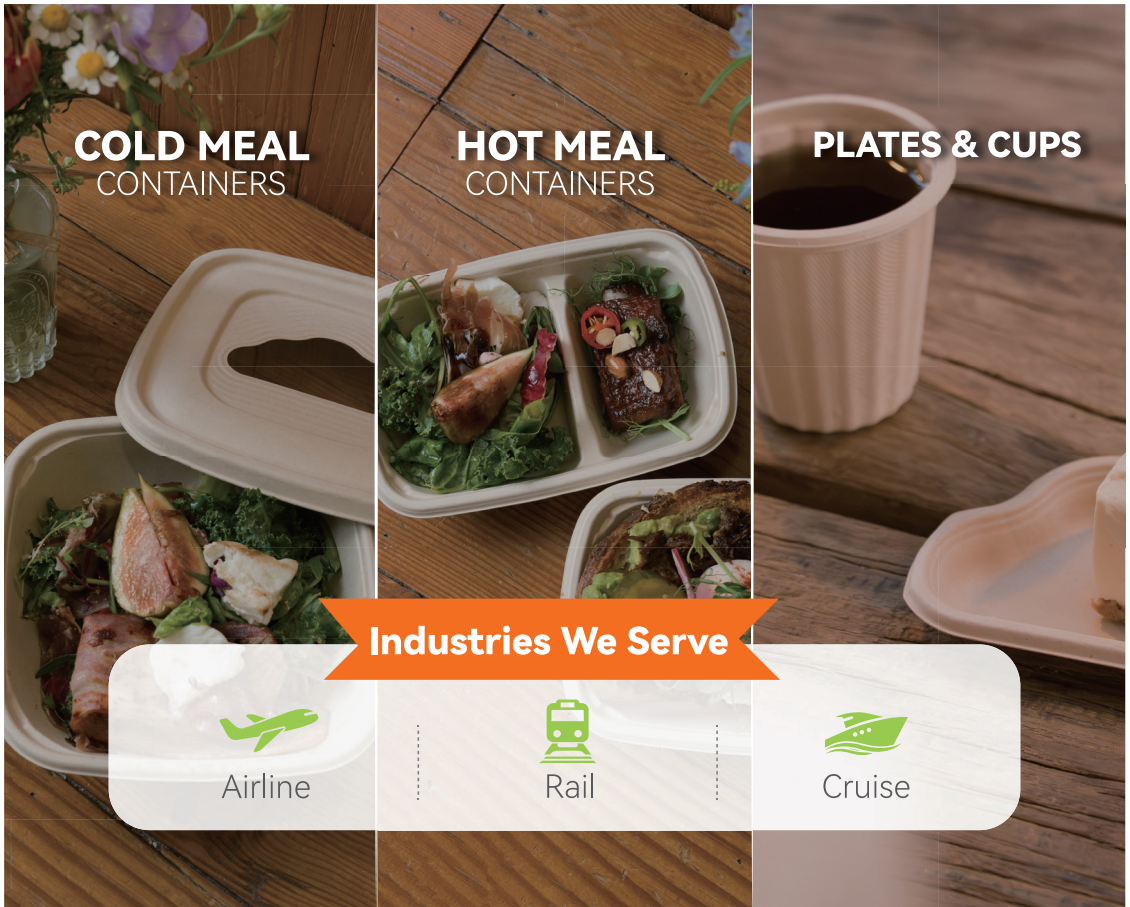

# Making every travel meal more efficient and more sustainable.

YUTOECO, sub-brand of YUTO Group, delivers plant fiber-based, home-compostable & naturally degradable solutions. We drive green transformation in design and manufacturing via innovative equipment and processes, partnering with clients to achieve sustainability goals and build a green life for everyone.

## Aviation & Travel Food Packaging Solutions

- Made from 100% plant-based fibers, food-contact safe, and home-compostable.
- Low carbon and eco-friendly, eliminating reliance on complex recycling infrastructure.
- Single-use, no washing required, improving the efficiency of cabin operation.
- Suitable for both hot and cold meals: hot-meal trays are oven-safe, while cold-meal trays feature a transparent viewing window.
- Stackable structure design to optimize the efficiency for storage and transportation.
