

YUTOECO is a corporate brand of YUTO Tech that focuses on environmentally friendly packaging and sustainable development. Focusing on the three key challenges facing us mankind: environment, climate and ocean, we continuously move forward on the research and development of ECO packaging and new sustainable materials. We provide clients with the best solutions in the field of eco-packaging to realize the goal of creating green life for everyone.

YUTO Tech

YUTOECO is a subsidiary brand. Established in 2002, YUTO Tech's headquarter is located in Shenzhen, which was listed on Shenzhen Stock Exchange in 2016.

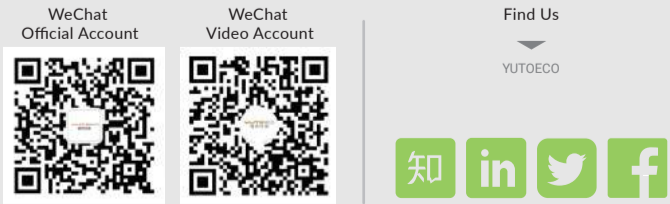

YUTO Tech is a Chinese leading high-end packaging solution provider, serving dozens of top 500 clients and hundreds of high-end brands. YUTO Tech aims to provide professional and competitive packaging products, solutions and services for clients in the industries of consumer electronics, cosmetics, foods, health, cigarette, alcohol, etc., and is committed to continually improving brand value for our clients.

Technology  
Automatic forming machine, self-developed forming machine; Low draft angle and small R angle

Certificates

Industrial Packaging

Materials

Bagasse, Bamboo

Yibin YUTOECO is near the origin of raw materials, which has abundant bamboo pulp resources. Meanwhile, YUTOECO also sets up our own bagasse manufacturing base in Laibin Guangxi, ensuring the supply of raw materials.
